COSMETIC LABS CANADA

Label Template

NOTE FOR DESIGNERS: This template is scaled at 100%, and represents a possible label shape and size that could fit this item. We highly recommend you order a sample, print your artwork to scale, cut it out, and confirm proper fit prior to submitting your artwork for print. The **bleed line** allows the background artwork to extend beyond the trim line. This ensures a clean print all the way to the edge when the label is trimmed. The trim line is where the label is cut. This is the maximum recommended label size. All critical text and design elements should remain within the design clearance line.

Disclaimer: Suitable label sizes for your product may vary. Depending on your label provider, this label may be subject to custom die cut costs. Cosmetic Labs Canada assumes no responsibility for fit and function of label or suitability of container, closure or decoration method for customer's particular use. It is the customer's responsibility to conduct proper product compatibility testing with containers, closures and decoration methods. Seller expressly disclaims any implied warranties of merchantability, fitness for purpose, title, and noninfringement. Cosmetic Labs Canada and its affiliates are not responsible for consequential damages arising from customer's selection and use of containers, closures and decoration supplied by Cosmetic Labs Canada.
